Speaker Biography

Inspirational and empowering presentations on topics related to online consumer behavior and internet-based businesses.

Making e-commerce and online companies reach the next level with a unique understanding of their business, goals, and challenges.

Improving strategies for companies, transforming their online sales based on global data and market-leading insights.

With 22 years of experience from helping companies within E-commerce, Retail, Web-based, Telecom, Media, Pharmaceuticals, Government, Fortune 500 companies and more. Experiences that gave me the advantage to see opportunities where others see problems and systematically identify the best solutions to challenges and problems.
